To the Parent

This workbook includes activities for each chapter of *The Story of Jesus' People*. These exercises have been designed to further the learning process by supplementing the material studied in the accompanying textbook. Each chapter offers games or activities that highlight an aspect of the historical account under study. These activities introduce children to the era, climate, culture, and geography of the people and countries mentioned in the textbook. They also offer children the opportunity to grasp and consider the differences between various periods of history and their own day.

Coloring pages have been included at the end of most workbook chapters. These can be completed in a child's free time or can be given to the child to complete while he is listening to the corresponding textbook chapter being read aloud.

A recommended schedule and semester outline is provided for the completion of *The Story of Jesus' People*. However, parents should feel free to alter this schedule as needed. Though designed to span the first year of grade school, some parents may choose to complete the material in a shorter or longer time. There is no right or wrong method of using this curriculum. Please adjust it as needed to suit your child.

Suggested Daily Schedule

The following is a suggested lesson schedule spanning the first year of grade school (36 weeks). This schedule is based on a school schedule in which history is studied two days per week, with each lesson taking roughly 10-15 minutes to complete. If a one-day-per-week history schedule is preferred, parents can assign the workbook exercises to be completed immediately following the reading of the corresponding chapter in the textbook. Parents should adjust this schedule as necessary to suit their family's individual needs.

Two flex weeks have been incorporated into the school year, one falling at the end of the first semester and the other at the end of the school year. These weeks can be used to catch up on missed lessons, to further the historical material studied through field trips, etc., or to finish the material early.

Chapter 1

God is Writing a Story

How did people travel in Rome?

People who lived in Rome used horses and chariots to travel from one place to another. Circle the Roman chariot.

Draw a Picture

How do you travel today? Draw a picture of what you use to travel from one place to another.

Are You Thirsty?

If you lived in ancient Rome, you would use jars to carry water in. What do you use to carry water in today? Circle the picture of a water jar from ancient Rome. Put an X on the picture of what you use today.

Showing the Love of Jesus

Christians in Rome said, “We must love other people the same way Jesus has loved us.” How can you show God’s love to people? Circle the pictures of a child showing love to someone else.

Color the Picture

“The LORD has done great things for us, and we are glad.”

(Psalm 126:3)

Chapter 2

Tertullian and a Most Dangerous Mouse

Look at this map. Do you see the country that looks like a giant boot? This is Italy. Italy is almost entirely surrounded by water. Can you find the two islands that are near Italy? Put an X on the islands.

The city of Rome is in Italy. Look at the map in your textbook. Can you find Rome? Circle it.

Dangerous Enemies

It was dangerous to be a Christian in the Roman Empire. Many enemies wanted to destroy the church. Tertullian said one enemy was more dangerous than all others. Which enemy was it? Circle the most dangerous enemy.

Color the Picture

"Your word is truth."

(John 17:17)
